

Getting started with the brand new

TC2000 12.6

First things

Visit www.TC2000.com and click the blue Download Software button in the TC2000 12.6 section.

Once the software has downloaded, follow the easy prompts in the install wizard.

Create your log-in credentials if you are new to TC20000 or sign-in using your TC2000 profile credentials if you already use TC2000.

That's it! You're ready to start exploring.

What's new?

Windows Platform – Faster Charts, WatchLists & EasyScans – Live Briefs By MTNewswires – Built-in & Customizable Reports – Updated Drawing Tools & Controls – Consolidated Chart & Library Menus – Improved Alerts Menu – Filter Industry WatchLists by Sector – New Profile & File Menus – Various Performance Enhancements.

Here's some of what you'll discover in this brand new version...

A new Windows platform improves speed, performance and stability.

When you download the new platform you'll immediately experience the improved look, feel and performance of the desktop interface.

- Snappy charts that are quick and smooth to load
- WatchLists and columns that populate with no delays
- · Symbol navigation that is instant in every time frame
- Displays that are crisp and clean with any chart settings

The Live Briefs by MTNewswires service provides instant, professional-level news.

You can add the Live Briefs news feed to your TC2000 for fully integrated streaming news for each symbol in TC2000.

Add the Investor feed for:

- Simple, relevant news streaming on all symbols all day every day
- Immediate access to earnings, mergers & acquisitions and IPO's
- Current analyst ratings, and even trade ideas

Step up to the Pro feed and get:

- Instant Earnings, Revenue and Guidance flashes
- Insider activity and operating metrics
- Market commentary and economic data

STC2000

Filter industries by sector to let you automatically see only related industries.

With one check mark instantly filter an Industry Index WatchList to those that share the same Sector.

Plus, we've done a lot of work behind the scenes to improve the overall performance of TC2000 to make your experience as a user smoother and easier. It's the stuff that you never see but it makes a real difference.
